

"There were lessons to revise, goals to pursue and exciting school moments to look forward to.

Amidst the busy days, we learnt an important lesson: with planning and perseverance, we can make room for it all."

Teachers Day Celebrations

As rightfully quoted by Micheal Morpurgo, "It's the teacher that makes the difference, not the classroom." To celebrate this, we gave our teachers a day filled with celebrations for teachers day. With dances, songs and heartfelt cards, we tried to make this teachers day the most memorable yet. But this raises the question for me, "What is the right way to celebrate teachers day?" I mean, we could give everybody holiday and call it a day but we all know that it's never happening, so... But there is no right way.

To celebrate Teachers' Day is to make sure our gratitude does not end when the music stops and the decorations come down. The performances and cards we shared are a spark, but the appreciation can only be kept alive in how we chose to act on not just a special day, but any ordinary Tuesday or a rainy morning in February. When we stay focused during the class before PE or simply say a "thank you" at the end of a regular period without being asked, we celebrate our teachers in the most meaningful way possible. Let's take a pledge to turn a single day of celebration into a whole year of respect, to show how much we appreciate and have gratitude for our teachers.

A Memorable Teachers' Day Celebration

Teachers' Day is a special occasion when students get an opportunity to express their gratitude and appreciation towards the teachers who guide, inspire, and nurture them. This year, our Teachers' Day celebration at *Deens Academy, Whitefield Campus, held on 7th September 2026, was a truly delightful and memorable experience. The celebration was filled with enthusiasm, creativity, and excitement. The students formed different groups and worked together to organize a variety of entertaining performances. We presented energetic dance performances accompanied by both Indian and Western music. There were also several artistic and creative activities that added color and charm to the celebration. One of the most exciting highlights was the tropical-themed dress-up competition for the teachers. The teachers participated with great enthusiasm and looked wonderful in their creative tropical-inspired outfits. The winners were Smrila Chakraborty Ma'am from the Primary School, Samina Nikhat Ma'am from the Middle School, and Vijayata Joshi Ma'am from the Senior School. Their enthusiasm and cheerful participation made the event even more enjoyable. The students had also arranged a small and attractive *photo booth area* where teachers could take pictures and capture beautiful memories with their colleagues and friends. It was wonderful to see the teachers relaxing, smiling, and enjoying the activities planned especially for them. I was fortunate to participate in the Teachers' Day dance performance, and it was an incredibly joyful experience. Performing for our teachers and seeing their happiness and appreciation made all our efforts worthwhile. It was also a great pleasure and privilege for us to perform in the presence of our respected Vice Principal Sita Nanduri Ma'am and Deputy Principal Niranjana Ma'am. The entire celebration reflected the teamwork, creativity, and affection that students have for their teachers. Seeing our teachers enjoy themselves and appreciate the efforts made by the students made the day truly special. It was not just a celebration but also an opportunity to create cherished memories that I will remember for a long time. Overall, Teachers' Day 2026 was an unforgettable and joyous occasion, filled with laughter, music, dance, creativity, and heartfelt appreciation. I felt extremely happy and proud to be a part of such a wonderful celebration.

विश्व हिंदी दिवस समारोह

विद्यालय में 2 सितंबर 2026 को हिंदी विभाग द्वारा विश्व हिंदी दिवस समारोह बड़े उत्साह और हर्षोल्लास के साथ मनाया गया। विद्यालय के बालक्रेडिट कोर्ट में आयोजित इस समारोह का उद्देश्य हिंदी भाषा की समृद्धि, सुंदरता और सांस्कृतिक महत्व को उजागर करना था।

इस अवसर पर विद्यार्थियों ने विभिन्न सांस्कृतिक एवं साहित्यिक प्रस्तुतियों के माध्यम से अपनी प्रतिभा का प्रदर्शन किया। उनकी प्रस्तुतियों ने हिंदी भाषा के प्रति प्रेम, सम्मान और गौरव की भावना को अभिव्यक्त किया। कार्यक्रम ने सभी को अपनी भाषाई विरासत को संजोने तथा हिंदी के प्रचार-प्रसार में योगदान देने के लिए प्रेरित किया।

समारोह का संदेश था कि हिंदी केवल संवाद का माध्यम नहीं, बल्कि हमारी संस्कृति, परंपरा और भावनाओं की अभिव्यक्ति भी है।

“मन की भाषा, प्रेम की भाषा, हिंदी है भारत जन की भाषा।”

Grade 6 Guest Lecture

One of the best lesson I have learnt is from one guest lecturer who had visited our school to talk about a Secret Diary. There was the excitement and curiosity within the crowd. The few questions asked by the audience were, “What is the Secret Diary about?” Do we have it in our school?

Ms. Nidhi Chaudhary was our guest lecturer. She visited our school on 14th August, Thursday. She gave a talk about The Secret Diary of 6B in our school. It was about how we should understand each other's feelings, aware of our surroundings and share experiences with friends. We shouldn't be busy with our own lives and observe what's going on around us. She made us play games and also conducted activities.

In these parts of events we could open up our feelings by speaking about a situation where we proved that we didn't give up. Then we did an activity where we should whisper a sentence in one person's ear and it goes on like a chain. We learnt that we should have strong points in communication. All of us loved the experience and would love to have her again so we can hear more stories and learn.

Interhouse Football and Basketball Finals

The Interhouse Football and Basketball Finals were held on Friday, 11th September. The football finals took place at the ECC Sports Complex. In the boys' category, Rubrus played against Prasinus, with Rubrus emerging as the winners and Prasinus as runners-up. In the girls' category, Caeruleus played against Prasinus, with Caeruleus winning the title and Prasinus securing the runner-up position.

The basketball finals were held at the school basketball court. In the boys' category, Caeruleus played against Flavus, with Flavus securing first place and Caeruleus finishing second. In the girls' category, Caeruleus played against Prasinus, with Caeruleus winning the title and Prasinus finishing second. Congratulations to all the winners and participants for their enthusiasm, teamwork, and sportsmanship!

The Field Trip That Turned Us Into Scientists!

Our field trip to **ParSec Science Museum, Whitefield**, was not just a trip—it was an adventure where science came alive! The moment we entered, we knew this was not going to be the usual “look at the exhibit and move on” kind of museum. Our teachers gave us some important rules, and we promised to follow them... at least until the excitement took over each one of us!

Our guide, **Mr. Shreyas**, introduced us to fascinating machines and experiments. The key highlight was the mysterious “**Aliens' Base.**” It felt like we had stepped into a science-fiction movie! One machine could take something as simple as our **palm print** and tell us how many palms would be needed to reach the Statue of Unity. Suddenly, our hands had become measuring tools—and we were measuring everything except the time in the clock that went too fast!

Another amazing experience was learning how science connects with robotics, biomimicry, sound and even the human body. We realised that science is not just something written in our textbooks; it is something we can **observe, question, experiment with and enjoy**. I returned home with more questions than answers, and that, for me, was the best part of the trip! ParSec taught us that curiosity is the beginning of every great discovery. While our school found an extended classroom, for us it remained an unforgettable rendezvous with SCIENCE!

Grade 6 Bagless Day

“A day without a school bag, but a day packed with fun!”

Bagless Day was one of the most exciting and refreshing days at school. As I walked in without my heavy bag, I knew the day was going to be different. There were no piles of textbooks or regular lessons—just fun, creativity, teamwork and new experiences!

We took part in a variety of interesting activities. We enjoyed games and sports, which filled the day with energy and laughter. We also participated in creative activities that allowed us to use our imagination and show our talents. One of the best parts was working with my classmates. We shared ideas, helped one another and worked as a team. Every activity taught us something new while keeping us engaged and excited.

What made Bagless Day special was that we were learning without feeling like we were studying. We developed skills like teamwork, communication, creativity and confidence through practical activities. By the end of the day, I was tired but extremely happy. Bagless Day showed me that learning does not always need a textbook or a classroom. Sometimes, the best lessons are the ones we experience ourselves.

Bagless Day was truly a day I would love to experience again!

Editorial team for the month of September (Students from Grade 7B)

Group 1: Preksha Verma, Nithila Venkatesh, Pradyun Bhasker, Pratham.B.A, Prejna S, Zoya Ahmad

Group 2: Saiansh Jagati, Prisha Gupta, Rehaan Dinakar, Reyaansh Kumar, Rishaan Das

Group 3: Yashmith Reddy, Rudra Kumar Singh, Ryan Poovathinkal, Sabarna Mitra, Vihaan Bhargava
